25th Anniversary Edition "A magnificent treasure for all cultures and all time." --St. Petersburg Times

It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn’t have to. Everybody knows of Las Mariposas—"the Butterflies." In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo’s rule. Through the art and magic of Julia Alvarez’s imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. Julia Alvarez’s new novel, Afterlife, is available now.

**Freak the Mighty**

In this timely tale of immigration, two cousins learn the importance of family and friendship. A year of discoveries culminates in a performance full of surprises, as two girls find their own way to belong. Mexico may be her parents’ home, but it’s certainly not Margie’s. She has finally convinced the other kids at school she is one-hundred percent American—just like them. But when her Mexican cousin Lupe visits, the image she’s created for herself crumbles. Things aren’t easy for Lupe, either. Mexico hadn’t felt like home since her father went North to find work. Lupe’s hope of seeing him in the United States comforts her some, but learning a new language in a new school is tough. Lupe, as much as Margie, is in need of a friend. Little by little, the girls’ individual steps find the rhythm of one shared dance, and they learn what “home” really means. In the tradition of My Name is Maria Isabel—and simultaneously published in English and in Spanish—Alma Flor Ada and her son Gabriel M. Zubizarreta offer an honest story of family, friendship, and the classic immigrant experience: becoming part of something new, while straying true to who you are.

TEACH YOUR STUDENTS TO READ LIKE CHAMPIONS—WITH RIGOR, INDEPENDENCE, PRECISION, AND INSIGHT The world we are preparing our students to succeed in is one bound together by words and phrases. Our students learn their literature, history, math, science, or art via a firm foundation of strong reading skills. When we teach students to read with precision, rigor, and insight, we are truly handing over the key to the kingdom. Of all the subjects we teach reading is first among equals. Grounded in advice from effective classrooms nationwide, enhanced with more than 40 video clips, Reading Reconsidered takes you into the trenches with actionable guidance from real-life educators and instructional champions. The authors address the anxiety-inducing world of Common Core State
Standards, distilling from those standards four key ideas that help hone teaching practices both generally and in preparation for assessments. This ‘Core of the Core’ comprises the first half of the book and instructs educators on how to teach students to: read harder texts, ‘closely read’ texts rigorously and intentionally, read nonfiction more effectively, and write more effectively in direct response to texts. The second half of Reading Reconsidered reinforces these principles, coupling them with the ‘fundamentals’ of reading instruction—a host of techniques and subject specific tools to reconsider how teachers approach such essential topics as vocabulary, interactive reading, and student autonomy. Reading Reconsidered breaks an overly broad issue into clear, easy-to-implement approaches. Filled with practical tools, including: 44 video clips of exemplary teachers demonstrating the techniques and principles in their classrooms (note: for online access of this content, please visit my.teachlikeachampion.com) Recommended book lists Downloadable tips and templates on key topics like reading nonfiction, vocabulary instruction, and literary terms and definitions. Reading Reconsidered provides the framework necessary for teachers to ensure that students forge futures as lifelong readers.

**Out of My Mind**

"HELP! My Students Can't Write!" Why You Need a Writing Revolution in Your Classroom and How to Lead It. The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, TWR can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities TWR is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

Piecing Me Together

They rowed hard, away from the battleships and the bombs. Water sprayed over them. The rowboat pitched one way and then the other. Then, before his eyes, the Arizona lifted up out of the water. That enormous battleship bounced up in the air like a rubber ball and split apart. Fire burst out of the ship. A geyser of water shot into the air and came crashing down. Adam was almost thrown out of the rowboat. He clung to the seat as it swung around. He saw blue skies and the glittering city. The boat swung back again, and he saw black clouds, and the Arizona, his father's ship, sinking beneath the water. -- from A Boy at War "He kept looking up, afraid the planes would come back. The sky was obscured by black smoke. It was all unreal: the battleships half sunk, the bullet holes in the boat, Davi and Martin in the water.”

December 7, 1941: On a quiet Sunday morning, while Adam and his friends are fishing near Honolulu, a surprise attack by Japanese bombers destroys the fleet at Pearl Harbor. Even as Adam struggles to
survive the sudden chaos all around him, and as his friends endure the brunt of the attack, a greater concern hangs over his head: Adam's father, a navy lieutenant, was stationed on the USS Arizona when the bombs fell. During the subsequent days Adam -- not yet a man, but no longer a boy -- is caught up in the war as he desperately tries to make sense of what happened to his friends and to find news of his father.
